

Keep on Walking

Colin Hay

Keep on walking, keep on walking,
keep on walking
Across the miles

Keep on walking, keep on walking,
keep on walking
Across the miles

Maybe we'll get there, then again maybe we won't
It doesn't even really matter
There's so many things to do and see along the way

Keep on walking, keep on walking,
keep on walking
Across the miles

Keep on walking, keep on walking,
keep on walking
Across the miles

And maybe you'll get there, and then again maybe you won't
It doesn't even really matter
Cos there's so many things to do and see along the way
