

Send Somebody

Colin Hay

Hello to who I'm talking to no more automation
I'm hoping you can walk me through and solve my
situation
It's after midnight and I've been on hold so long
You broke through the silence now I'm not alone

You're asking me to help you see the words begin to
flow
This was not my plan or my intention how was I to know
For such a short time feel I've known you for so long
And I don't think I can make it all on my own

So send somebody 'cause I'm stranded and there's no
place left where I can run
Send somebody 'cause I'm hanging by a thread now the
whole damn thing's undone

You have to know I can't let go now I've made this
connection
It's either love that runs the show or random
speculation
In my desperation I'm a danger to myself
I need your direction yeah I need someone else

So send somebody 'cause I'm stranded and there's no
place left where I can run
Send somebody 'cause I'm hanging by a thread now the
whole damn thing's undone

From my window as the leaves begin to fall
Before the cold wind comes please hear my call

And send somebody 'cause I'm stranded and there's no
place left where I can run
Send somebody 'cause I'm hanging by a thread now the
whole damn thing's undone

Send somebody 'cause I'm stranded and there's no place
left where I can run
Send somebody 'cause I'm hanging by a thread now the
whole damn thing's undone

Somebody, send somebody, send someone...
