

# Hollywood

Collective Soul

Summer it never leaves your face  
You've got the sunshine  
Bright-eyed California  
Cotton candy taste

Yeah Hollywood  
You know I love you more  
Than one man should  
Yeah Hollywood

Kiss me kiss me good

Oh pretty stars  
They love to sparkle for you  
You've got that hip lock  
Lay it back  
Animated groove attitude
