

Hymn for My Father

Collective Soul

I will follow, I will follow
Till the stars fall down, till the sun burns out
I will follow, I will follow
Till Gabriel's horn does sound

I will follow, I will follow
Through the path You chose with the words You spoke
I will follow, I will follow
By the love You always showed

I won't cry out 'cause love has lifted me
I won't cry out 'cause now I will receive
Everything that You've given me
All things to me

I will follow, I will follow
For in You I do believe

I will follow, I will follow
Through the path You chose with the words You spoke
I will follow, I will follow
By the love, the love You showed
