

## Persuasion of You

Collective Soul

I've got a memory of nothing new  
I've only memorized all thoughts of you  
I'm pushing all tomorrows  
Gotta go, gotta go, gotta get you back  
I'm pushing all thoughts forward

'Cause you are the one day  
That tells me that someday  
I'll get whay you choose  
You are the one thing  
That gives me that something  
Persuasion of you

I feel you resonate, I swear I do

You got my earth vibrating no matter  
Where I'm running to  
I'm pushing all tomorrows  
Gotta go, gotta go 'til I get you back  
I'm pushing all thoughts forward

Don't hold back  
Hold back my world  
Don't hold back  
Hold back now girl
