

# Reach

Collective Soul

Should I thirst for knowledge  
Can I beg you for some water  
Should I fight your battles  
Can I rest upon your shoulders  
I hope I'm able to ride out this storm  
So come on Gabriel and blow your horn

Reach, Reach out to me  
Can't you see I need you to save me  
Yeah, Reach, Reach out to me  
Can't you see I need you to hold me

Should I beg for mercy  
Can I be the one you treasure  
Should I question knowledge  
Can I have all of your answers  
I hope I'm able to find love today  
Can I ask you to light my way

Reach, Reach out to me  
Can't you see I need you to guide me  
Yeah, Reach, Reach out to me  
Can't you see I need you to love me

Take me out of these walls  
Take me somewhere I can see  
Take me away from it all  
Please just reach out to me
