

Welcome All Again

Collective Soul

Welcome all, welcome all
Welcome all my friends
Welcome all, welcome all
Welcome all again

Welcome all, welcome all
Welcome all my friends
Welcome all, welcome all
Welcome all again

Welcome all again
Welcome all again
Welcome all again
Welcome all again

Waking the day, all seems in order
Sweet wine to taste, the world's now starting
Yeah, yeah, I've got the mountain foreground
Yeah, yeah, I've got the river deep down

Woo, hoo, hoo, welcome all my friends
Woo, hoo, hoo, welcome all again

Night time in bloom, it's not so frightening
Swim with the moon, that's how we like it
Yeah, yeah, we've got the singer singing
Yeah, yeah, we've got the drinker drinking

Woo, hoo, hoo, welcome all my friends
Woo, hoo, hoo, welcome all again
Woo, hoo, hoo, welcome all my friends

Welcome all my friends
Woo, hoo, hoo, welcome all again
Woo, hoo, hoo, welcome all my friends
Woo, hoo, hoo, welcome all again
