

# Complicated

Collide

Whirling  
Twirling  
Inbetween  
You're blurring  
Your words  
And you're very complicated  
Dream I'm addicted to you  
Whatever  
Put you back where you belong  
Dream  
And your very misleading

All your words are complicated  
Turning around and inbetween  
Whirling twirling  
Lines are gone  
Find a place where you believe

Whatever  
Whatever you mean  
Turn  
And you turn yourself around  
Put you back where you belong I'm addicted to you

All your words are complicated  
Turning around and inbetween  
Whirling twirling  
Lines are gone  
Find a place where you believe  
Complicated Inbetween  
Complicated Lines are gone  
All your words are complicated  
Turning around and inbetween
