

Love in our hearts  
Twist and turn  
I get caught  
In a cocoon  
The flowers bloom  
And wither  
Hearts that beat  
I shiver

I go deep  
I go deep

Translucent skin  
I'd look right through  
Into your mind  
I'd be consumed

Two hearts that beat and beat as one  
And beat as one

I swim  
I go deep  
I swim I swim  
I shiver

I go deep  
I go deep  
I get caught  
I go deep I go deep  
I swim  
I go deep  
I swim  
I go deep
