

Love in our hearts
Twist and turn
I get caught
In a cocoon
The flowers bloom
And wither
Hearts that beat
I shiver

I go deep
I go deep

Translucent skin
I'd look right through
Into your mind
I'd be consumed

Two hearts that beat and beat as one
And beat as one

I swim
I go deep
I swim I swim
I shiver

I go deep
I go deep
I get caught
I go deep I go deep
I swim
I go deep
I swim
I go deep
