

# Euphoria

Collide

I calibrate you  
Could get lost along the way  
I confiscate you  
While I find the meaning

I feel I could not escape you  
I feel I could not escape you  
Euphoria  
Close to euphoria

I could get lost  
Variations  
Come closing in  
Evaporating

What I am  
Like a pin that pricks you  
And perforates you further  
Your simulations could get lost along the way

I could get lost  
Variations come closing in  
Evaporating what I am  
Feel some kind of strange

Open the doorway  
Love will find you  
Would you wait forever?  
Love will find you

Would you wait forever?  
Variations come closing in  
Evaporating what I am  
Feel some kind of strange
