Dun out di government, see what dem earning, make yuh heads start turning, go so well

Bun down di system, keep di fyah burning
Teach the youths what dem need to be learning
Bun down di government, keep di fyah blazing, whole world gone crazy

Tek a little look inna di daily newspaper
Every weekend di crime rate a inflate
Why them get choke and di gyal dem get rape
Dem a only love di green paper

Dats why dem no have nuh heart and nuh conscience
Dem a deal with badness, and a pure nonesense
Killing one another, like it is a contest
Why them - cyaan let Jah Jah bless?

Bun down di government, keep di fyah blazing, whole world gone crazy

Why dem a go terrorise
Why dem a go victimise
When dem gonna realise
Your life yuh need to analyse
When you need to mek a choice
Listen to de father voice
What you do, call di people dem strive
Robbin and your stealing, and yuh chopping on your dealing
When you outta road you disrespect the ghetto youths feeling
Weapons and yours drugs overflowing to di cealing
Working fi de devil, he dun you is a demon
