

# Light It Up

Collie Buddz

Light it up!  
Light it up, let's light it up  
Like the lights in Vegas  
Light it up!  
Let's do it up like we're hella famous  
let's light it up!  
sipping Ciroc I'm on kinda faded  
That's how I'm feeling and I'm just saying  
Light it up!  
My glass is half full  
These girls half naked  
Light it up!

Just met you girls  
Let's act like we're dating  
Let's light It up!  
Buying shots  
Like someone else is paying  
Light it up!  
That's how I'm feeling  
I'm just saying  
Let's light It up  
I'm feeling freshman  
Just like a college kid  
Got a bottle at the bar man  
Watch me demolish  
I like the girl on that pole  
Because she knows how to polish it  
And it's just astonishing

How I feel like  
I could take up the world tonight  
Let's light it up up up  
Way up up up!  
Let's light it up up up  
Way up up up!

And I feel like  
I'm the fucking king of the world tonight  
Let's light it up up up  
Way up up up!  
Let's light it up up up  
Way up up up!

Let's light it up  
Light it up!  
Let's light it up  
Light it up!

Light it up!  
Let's light it up  
Californication  
Light it up!  
Let's do it up like we on vacation  
Let's light it up  
I'm VIP with no reservation  
Light it up!

Up with the stars  
That's my destination  
Let's light it up  
I'm feeling freshman  
I'm like a college kid  
Got a bottle at the bar man  
Demolish it  
I like that girl and her friend man  
If she down for menage-ing it  
and now it's astonishing

How I feel like  
I could take up the world tonight  
Let's light it up up up  
Way up up up!  
Let's light it up up up  
Way up up up!

And I feel like  
I'm the fucking king of the world tonight  
Let's light it up up up  
Way up up up!  
Let's light it up up up  
Way up up up!

I need some drink, drink in my cup  
Bartender pour it up  
Shots, shots live it up  
Bartender pour it up  
Ice, ice in my cup  
Bartender fill it up  
Nice, nice, nice it up  
Every night we live it up  
Drink, drink in my cup  
Bartender pour it up  
Shots, shots in my cup  
Bartender fill it up  
Nice, nice, nice it up  
Every night we live it up

How I feel like  
I could take up the world tonight  
Let's light it up up up  
Way up up up!  
Let's light it up up up  
Way up up up!

And I feel like  
I'm the fucking king of the world tonight  
Let's light it up up up  
Way up up up!  
Let's light it up up up  
Way up up up!
