Well listen dear I think it's clear, we need to sit and talk It seems you've got this notion I've been having second thought s

Well I must confess in a way I guess that silly notion's true 'Cause every second you're not here I think of you

Every second, every minute, every hour of every day

Every second there's a thought of you that comes my way

So if you ask if I've had second thoughts I guess I'd have to s

ay

"Every second, every minute, every hour of every day"

Now I propose we drink a toast and turn the lights down low Put our favorite music on and hold each other close Don't worry dear you'll always be here in my heart to stay Every second, every minute, every hour of every day

Every second, every minute, every hour of every day

Every second there's a thought of you that comes my way

So if you ask if I've had second thoughts I guess I'd have to s

ay

"Every second, every minute, every hour of every day"

Every second, every minute, I love you more and more each day
