

# My Kind Of Girl

Collin Raye

When I saw you buyin' Cosmo and a Hot Rod magazine  
I said to myself now there's a girl for me  
And when I asked you to go for a ride  
You stole my heart when you said if I can drive  
I said how bout some music you said you got any Merle  
That's when I knew you were my kind of girl  
And when we started talking I could not believe my ears

You said you were a Braves fan even through the rotten years  
You quoted William Faulkner and Martin Luther King  
You said your favorite movie star would always be James Dean  
And when we went to dinner you wore blue jeans with your pearls  
That's when I knew you were my kind of girl  
You march to the beat of a different drum  
The funny thing is that I hear the same one  
We both like to color outside of the lines  
We're peas in a pod girl we're two of a kind

Yeah you march to the beat of a different drum

I said I think I love you you said what's not to love  
I thought about a kiss but I wasn't quick enough  
I guess while I was thinkin' you were readin' my mind  
Cause you wrapped your arms around me and you pressed your lips  
to mine

You sent my head a spinnin just like a tilt-a-whirl  
That's when I knew you were my kind of girl  
You sent my head a spinning just like a tilt-a-whirl  
That's when I knew you were my kind of girl  
(My kind my kind of girl my kind my kind of girl)
