

# You Can't Take It With You

Collin Raye

There's a look on your face that says your leavin'  
You've already got one foot out the door  
If it's new love or not like that you're leavin'  
I won't leave the light on anymore

I still believe we could hold it together  
But there's something I want you to know  
When I gave you my heart I gave it forever  
But you can't take it with you when you go

While you're packing your suitcase pack my memories  
'Cause I don't want them around here when you're gone  
And if you let that door close behind you  
Say goodbye to the love we have known

I still believe we could hold it together  
But there's something I want you to know  
When I gave you my heart I gave it forever  
But you can't take it with you when you go

When I gave you my heart I gave it forever  
But you can't take it with you when you go
