

# Dok Je Tebe I Ljubavi

Colonia

Now let me take you on a voyage  
To the heaven and back  
Check out the new sound  
Colonia is in the house

There's no angel like you in heaven and earth  
I 'm a guard by your side I will, take away your hurt  
You're deep in my heart and your love is true  
Everything I have belongs only to you  
The colors in your eyes, rainbow to the stars  
Make me fly make me blind so I drown in light  
Now I'm ready to kiss you from head to toes  
Take this chance on me  
Don't let this feeling go

Kao da je vrijeme uhvaćeno u tvom zagrljaju  
Vidim twoje suze, čujem tvoju bol dok ti oči sanjaju  
Mi smo samo zrno pod zvijezdanim nebom  
Mi smo samo tren u vječnosti  
I ovaj život nikad neće stati dok je tebe i ljubavi

Yeah love is not a game  
I don't wanna play

If you're wrong or right no matter day or night  
I'll stand by your side and always treat you right  
Forever and a day I will be a man  
Whenever you need me I'll do the best I can  
After all the time I'm still in love with you  
Because loving you is only thing that I do  
If you'd leave me girl I wouldn't make it through  
I couldn't go on cause I can't live without you

Kao da je vrijeme uhvaćeno u tvom zagrljaju  
Vidim twoje suze, čujem tvoju bol dok ti oči sanjaju  
Mi smo samo zrno pod zvijezdanim nebom  
Mi smo samo tren u vječnosti  
I ovaj život nikad neće stati dok je tebe i ljubavi

Now let me take you on a voyage  
To the heaven and back  
All the angels in the heaven sing  
All the people on the earth say  
Check out the new sound

Kao da je vrijeme uhvaćeno u tvom zagrljaju  
Vidim twoje suze, čujem tvoju bol dok ti oči sanjaju  
Mi smo samo zrno pod zvijezdanim nebom  
Mi smo samo tren u vječnosti  
I ovaj život nikad neće stati dok je tebe i ljubavi
