

## 20th Century Plague

Colony 5

It's so sad when nothing gives you peace  
Disturbed by the mess that I see  
I'm a man in need  
But no one can help me

Don't bother if you see me  
Don't help if I bleed  
There is no cure  
Accept the fact  
I'm dying in this disease

It's the 20th Century Plague  
Poetry is dead  
It's the 20th Century Plague  
Mankind's fate

It's the trap they set without remorse  
Letting nature have its course  
I'm a man indeed  
Knocking on death's door

Don't bother if you see me  
Don't help if I bleed  
Nothing is sure  
Except the fact  
That I'm dying in this disease
