

## Accelerate

### Colony 5

Here comes the rush  
That splits my heart in two  
One daunted, one lush  
To support and subdue  
Im on the edge  
Going too fast to breathe  
Too fast but to hold on  
Too fast but to seethe  
Accelerate  
Digest the rush  
Feel free for once  
This is life  
Accelerate  
Near the edge  
Unsafe for once  
This is life  
Accelerate  
Headlights off  
Pity the ones  
Without life  
Accelerate  
Eyes wide shut  
Alive for once  
This is life  
Feel the pulse  
Blood rushes through your veins  
For once alive  
As woken from the dead  
We have found the pace  
Together invincible  
We are here to stay  
Awaken in a new world
