

# The Earth, The Sun, The Rain

Color Me Badd

When I was lost  
I could not see  
All the beauty and wonder  
Wrapping around me  
I was alone  
Dreaming of you  
Oh I could not imagine  
This dream coming true

So much joy now  
In all that I touched  
You make me feel  
Everything so much

I will love you for the earth at my feet  
I will love you for the sun in the sky  
I will love you for the falling rain,  
I will love you for the heart that could break,  
I will love you for the dreams that we share,  
I will love you for the falling rain.

Facing the wind  
Tears from my eyes  
Baby, where have you been  
When I was hoping  
Was waiting for you  
To pull back the door  
To take me by the hand  
And lead me through

This whole world was  
A stranger to me  
Now you have opened  
My heart to everything

Like a whisper in a dream  
You've walked softly into my life  
With love and sweet emotion  
And as I gaze into your eyes  
I see the beauty that God has created  
And I love you girl  
Now and forever
