

Candy cane

Colorfactory

I saw you walking down the street today
you were high
your head was floating in the stars now
yes you were high

Violet colours spinning round
into a sound- a lovely sound
The band plays in your brain
a new refrain like a candy cane
candy cane

You say your mind's a lovely place to be
I know why
you never ever seem to notice me
and I know why

Violet colours spinning round
into a sound- a lovely sound
The band plays in your brain
a new refrain like a candy cane
candy cane

I saw you walking down the streets today
and you were high
your head was floating in the stars now
yes you were high

Violet colours spinning round
into a sound- a lovely sound
The band plays in your brain
a new refrain like a candy cane
