Laying it down like Mexico
Who needs a beach got a cold creek
Son you can bet ya its the country Feista

Hey ya'll Lets ride
Party going on on the riverside
hey ya'll jump in
Let your hair down go off the deep in
Cold beer hot things nothin but a chicken wing
Dixie girls screaming with that southern draw
Hey Ya'll

Cut off thats right
Suger so sweet the chickens won't bite
Whole lot of hay can't no who to stand
Raising our cups up sipping on some punch punch

Hey Ya'll Lets ride
party going on on the riverside

Let your hair down go off the deep in
Cold beer hot things nothin but a chicken wing
Dixie girls screaming with that southern draw

Catfish, Cornbread, Cold Coors light
Bon Fires, Lawn chairs
Raise a lot of hell hell we just don't care
