

# Rapist

Combat 84

He's a dirty and evil man  
And no one wants to know  
He could be living in your town  
The sign of the Rapist doesn't show  
Young girls come to me  
Stalking victims in the street  
When it happens no-one sees  
You're just dragged down off your feet

[Chorus]

Capital Punishment  
A stronger Government

Plastic mask and hairy wig  
You're too scared to show your face  
You're acting like a dirty pig  
You're a cancer of the human race  
Filth of society should all die  
We need a stronger government  
All you gotta do is hang 'em high  
We want capital punishment

[Chorus]

We need a stronger government  
Bring back capital punishment  
(4x)

[Chorus]

Hang 'em, hang 'em, hang 'em high

You watch those f\*\*king bastards die

(4x)

[Chorus]
