He's a dirty and evil man

And no one wants to know

He could be living in your town

The sign of the Rapist doesn't show

Young girls come to me

Stalking victims in the street

When it happens no-one sees

You're just dragged down off your feet

[Chorus]

Capital Punishment

A stronger Government

Plastic mask and hairy wig

You're too scared to show your face

You're acting like a dirty pig

You're a cancer of the human race

Filth of society should all die

We need a stronger government

All you gotta do is hang 'em high

We want capital punishment

[Chorus]

[Chorus]

```
Hang 'em, hang 'em, hang 'em high You watch those f**king bastards die (4x)
```

[Chorus]
