

# Love Is A Razorblade

Combichrist

My eyes are black  
Tried hard to make 'em dead  
You were built that way  
You got a graceful lips  
And now you kissing my ribs  
It has to be this way

Is it love?  
Razorblade! Love!  
Razorblade! Love!  
Razorblade! Love!  
Razorblade!

You got a killing touch  
A fulfilling launch  
Bite with poison rage  
You're not killing me  
You're not scaring me  
Won't take my pain away

Is it love?  
Razorblade! Love!  
Razorblade! Love!  
Razorblade! Love!  
Razorblade!

You live inside my brain  
Control is the pain  
Can't live without  
When it's time to go  
You gotta let me know  
We gonna find a way

What is love?  
Razorblade! Love! x7  
Razorblade!

Make love like a landmine  
We fuck like in war zone  
And do all those and hate you  
BRING IT ON!

What is love? x5

Razorblade! Love! x7  
Razorblade!
