

## Scarred

Combichrist

The choice you make  
Will be your own  
A pattern forms  
Too scarred to feel

Too scared to follow  
And so am I  
Wisdom will cower  
And so will I

Words breed lies  
Beneath it all  
Death in your veins  
Life on your knees

The rain will wash me away  
All structures collapse  
Nothing covers my grave  
Only destruction remains
