Lonelyville

Combustible Edison

```
Lonelyville
The name of my town is Lonelyville
Nobody down in Lonelyville
Nobody here but me

Lonelyville
I'm spending my nights in Lonelyville
Seeing the sights in Lonelyville
But nothing's here to see

Population of three
Just me, myself, and I
So if you happen to be passing by

Lonelyville
Don't let me stay here in Lonelyville
Not one more day here in Lonelyville
How I want to go
Back to where I know
I will never be lonely...
```
