

## Mighty Spirit

Commodores

Early Sunday morning  
Grandma would wake me and say  
Get up, it's time for you to pray..yeah  
Your breakfast is waiting  
But first you gotta get up and dress  
Today is Sunday, it's the lords day of rest

[Chorus:]

Get up!  
You gotta find the spirit  
Get up  
and find find the mighty, mighty spirit

And when I would get to church  
The Usher would take me to my seat  
The Sisters up front would be keeping the beat  
The Choir would be singing the song  
And the Deacons would be humming along  
A Sister jumped up and said I've been reborn  
Oh yeah..

[Chorus]

And since then, a lot of time has passed  
I finally found out what they meant at last  
At last I found, the mighty mighty spirit  
Oh yeah

Now every single morning  
I wake my children and say  
Get up! It's time for you to pray

...Daddy I'm tired, do I have to get up now  
Get up! It's time for you to pray..yeah

[Chorus]
