

# Only You

Commodores

When was the last time I said  
I love you  
I find it hard to say  
But I do

When was the last time I said  
I need you  
I've kept it to myself  
Much too long  
(It's been too long, it's been too long)

In all my life  
I've never known anyone like you  
I love you, I love you  
Only you

I've been in love before  
I didn't think I could love anymore  
But there you were with love  
In your heart for me

I can feel it when we kiss  
I can tell when we touch  
That the magic of love  
Was meant for you and me  
(For you and me, for you and me)

In all my life  
I've never had a love so true  
I love you, I love you  
Only you (Only you)

I know it when we touch

Oh, I know if I had the power  
To make this song come true  
It would be for me  
To build my life with only you
