

Slippery When Wet

Commodores

Listen to me brothers
Listen well
Brothers we got something to tell
You can't run around
Bein' a married man
And takin' care of business very well
You've got to keep yourself together
If you dig on what you got
Cuz what you got can sho' nuff mean a lot
If you aint takin' care of business
This you must expect
Love gets slippery when it's wet
You know hangin' loose Can be outta sight
But hangin' loose
No it just aint right
You see slippin'a tippin'
Havin' fun aint no good
Leavin' homework undone
You've got keep your thing together
If you dig on what you've got
Cuz what you've got can sho nuff mean a lot
If you aint takin' care of business
This you can expect
Love gets slippery when it's wet
If you aint takin' care of business
This you can expect
Love gets slippery when it's wet
Uh huh slippery, slippery
Love gets slippery when it's wet oh
It'll slip away yeah
Love gets slippery when it's wet ooooooh
Love gets slippery when it's wet
Slippery, slippery
Love gets slippery when it's wet
Don't let your love slip away
Love gets slippery when it's wet ow
Takin' care of business
Love gets slippery when it's wet...
