

# Won't You Come Dance With Me

Commodores

I'll play the music  
Won't you come dance with me  
I'll play the music  
Won't you come dance with me  
Sitting home on this lonely night  
With nothin' much to do  
I remember the good times  
When they all were spent with you  
How I long to see you smile  
And to dance the night away

I wanna be with you..whoa

Cause I feel like laughin'  
..let's laugh together  
Cause I feel like singin'  
..let's sing forever  
Cause I feel like dancin'  
..let's dance together

Find a hideaway..getaway for two

I'll play the music  
Won't you come dance with me  
I'll play the music  
Won't you come dance with me  
Hey I sure think the time is right  
I've got so much in store

Cause I just wanna be with you  
And do the things we did before  
Don't wanna seem like I'm begging you  
But I think tonight's the night  
Why can't I be with you

Can I slip away..faraway with you

I'll play the music  
Won't you come dance with me  
I'll play the music  
Won't you come dance with me

I'll play the music

Do dah do dah yeah  
Do dah do dah yeah  
Do dah do dah yeah  
Do dah do dah yeah

I'll play the music  
Won't you come dance with me  
I'll play the music  
Won't you come dance with me  
I'll play the music  
Won't you come dance with me
