

## Emo Kids Unite

## Common Enemy

Emo kids from coast to coast,  
Take the circle just this once  
Put your glasses in your pocket  
Fuck shit up let's see you mosh!  
The break up couldn't be that bad  
So have some fun and don't be sad  
Emo helmets, denim jeans  
I understand, but can't you see?  
There is just as much emotion in hardcore  
You're no different from me  
So hit the floor!
