

## Goodbye So Long

Common Enemy

Go!...

The time is now and there's no room to slip  
No room, your move, can't hold back this  
Our moment to shine and we won't plead the fifth  
One shot, bank shot, this chance is it  
Can't you see we got our friends  
Our boards, our band, our thrash sessions  
A phase you hope will leave with time  
But it grows strong with days gone by  
We have our goals can't stop us now  
We live our life and live it proud  
You hate that you can't break our bond  
The reason why cause yours is gone  
We walk this path and you won't see us quit  
No room, your move, can't hold back this  
One shot, bank shot, this chance is it  
Goodbye, so long, our life moves on
