

I Give Up

Common Enemy

Sick of this job,
Sick of this place,
Sick of this cycle
No, it's not ok,
Look for a reason,
Twist my brain,
I lose again
No, it's not ok
Cuz... I give up
Fucking worthless,
Stressed for nothing,
Going nowhere and gaining nothing,
Shit piles up it's to no end,
Everyday is the day
I should have stayed in bed
Cuz... I give up
It's too fucking easy
To end it all,
I just can't skate this one away
