

Late Night Skate

Common Enemy

GO!

Home from work I'm late again my heads a fucking mess,
Sometimes I find it hard to cope I gotta skate and it's no joke
Late night skate, thrash it up!
Late night skate, drink 'em down!

GO!

Grab a beer and grab your board,
I'm home from work back out the door,
I got my board, my band, my friends,
That's where it's at
Were true till death!
Late night skate, thrash it up!
Late night skate, drink em down!
Let's fucking go!
