

Schools 'r' Brainwash

Common Enemy

They dress you up
In uniforms
Enslave your mind
Force you to conform

[Chorus]
Schools are brainwash
They're telling you lies
Schools are brainwash
Better open your eyes

They'll keep you on your knees
And teach you to obey
So as you grow you're nothing more
Than just they're fucking slave

[Chorus]

They'll get you when you're young
And fit you into a mold
Cause those with no free will
Are so easy to control
They'll tell you fucking lies
And call it an education
It's just force fed obedience
Through indoctrination

Schools are Brainwash... They're telling you lies!
