

## Angels At Play

Common Rider

Took me so long  
Just to get your name  
Like a kid trying to learn  
The rules of the game  
And now you ask,  
Do I want you to stay?  
Don't you know that in my heart  
There ain't no other way?

Stay  
Don't you go away  
You and I, angels at play

You are like no one  
I have ever seen  
Got more style than a New York night  
Got more magic than the Northern Lights
