

Full Circle

Company B

I've got a love for you, just tell me you want it
I've got a kiss for you, put your lips on it
You've been so good to me, and baby, I'm ready
I gotta keep close to you and keep really steady, steady

You know I want you, boy
Let me be your baby
I wanna full circle with you tonight
(I wanna)
Full circle, you're the one I love

Full circle with you tonight
(I wanna)
Full circle, you're the one I love
Full circle with you tonight

(I wanna)
Full circle, you're the one I love.
Full circle with you tonight
(I wanna)
Full circle, you're the one I love
I wanna

I want to dance with you, body to body
I want to stay with you 'til the end of party
You've been so good to me and, baby, I'm ready
I gotta keep close to you and keep really steady, steady

You know I want you, boy
Let me be your baby
I wanna full circle, with you tonight
(I wanna)

Full circle, you're the one I love
Full circle, with you tonight
(I wanna)
Full circle, you're the one I love
Full circle, with you tonight

Full circle, with you tonight
Full circle, with you tonight
Full circle, with you tonight
Full circle, you're the one I love

You know I want you, boy
Let me be your baby
