

## Sweet

Company B

Paul Keating:

I've been out there pacing  
Bracing for defeat  
Ready to be roasted  
And I felt that demon heat  
But I got lifted  
When I thought that I would fall  
Now this feels like the sweetest victory of all

Never felt too comfy  
Up there on the top  
I felt like Humpty Dumpty  
And I was waiting for the drop  
But I got lifted  
I'm floating high above the wall  
Now this feels like the sweetest victory of all

I thank my wife and son and daughters  
My faithful supporters  
You kept my team full of steam

I thank the people of the nation  
For their validation  
Keep on believing in the dream

You know that I've been wishin'  
I had a second shot  
Thanks to your decision  
That's exactly what I got  
And I got lifted  
Now I hear my country call

Band:

We want Paul! We want Paul!

Keating:

Now this feels like the sweetest victory  
Now it seems like y'all wanna stick to me  
Now this feels like the sweetest victory of all
