## Company Of Thieves

I fell in love when you were brushing your teeth  
Over my kitchen sink

I have no means for distraction  
No fuel that feeds the reaction  
I just came all this way just to say  
I really do believe  
This was much more than "meant to be"

I fell under when you were waiting for me  
Over lines far from time  
What do they mean?

I have no means for distraction  
No fuel that feeds the reaction  
I just came all this way just to say  
I really do believe  
This was much more than "meant to be"  
I really do believe in you  
I really do believe in this

I won't give up  
I can't give in  
Can't get enough  
Where to begin?

I won't give up on you  
I can't give in  
Can't get enough of this  
Where to begin?

I won't give up  
I can't give in  
Can't get enough  
Where to begin?

I won't give up on you  
I can't give in  
Can't get enough of this  
Where to begin?  
Oh, where to begin?

Let's all get together and start a cure  
Let's all get together and start over  
Over

Let's all get together and start a cure  
Let's all get together and start over  
Over  
Over  
Over  
Over
