

Would It Be the Same

Conception

Too many things that could go wrong
You know we both were far too young
And everything can't make such perfect sense
I see myself in you today
I gotta find my own way now
all I want is to move on
but how I wish I could stay

I want to say I'm sorry
But now I've gone too far
And I don't want to worry
About yesterday

Like I'm guilty
Like I'm sad
I must fight to be lonely
To break the chain
Like I miss you
What we had like if you were the only
Would it be the same again?

I know I won't forget your name
And maybe we will meet again
If only to talk and try remember
The good and bad, the things we said
The happy moments that we had
Your sweet surrender
But there is no more to say

Except the fact I'm sorry
And that it's gone too far now
I don't want to worry
About yesterday

Like I'm guilty
Like I'm sad
I must fight to be lonely
To break the chain
Like I miss you
What we had like if you were the only
Would it be the same again?

All I am
A little while in time
All I see
There's something wrong with me
All I know
I'll never reach your mind
All I cry
You know I'm crying for you
