

That's What I Am

Conchita Wurst

That's what I am, that's what I'll always be
I don't wanna be silent 'cause this is my destiny

You can't take your eyes oh-oh-oh-oh-off me
'Cause I'm different and my mind is free
You would want to lo-oh-oh-oh-ove me
But will that ever be?

Words are hollow when said while you follow
Someone else's rules that are for shallow fools

That's what I am, that's what I'll always be
I don't wanna be silent 'cause this is my destiny
That's what I was, that's what feels good to me
And nothing will change me, that's what I'm meant to be

Come a little closer, I won't bite you
Come a little closer, it's just me
Will you find ano-oh-oh-other point of view?
Can that ever be?

Words are hollow when said while you follow
Someone else's rules that are for shallow fools

That's what I am, that's what I'll always be
I don't wanna be silent 'cause this is my destiny
That's what I was, that's what feels good to me
And nothing will change me, that's what I'm meant to be

That's what I am, that's what I'll always be
I don't wanna be silent 'cause this is my destiny
That's what I was, that's what feels good to me
And nothing will change me, that's what I'm meant to be
