

# Tonight

Concrete Blonde

Walking on a cloud to another shore  
A luminous and beautiful promise of more

Tonight I'll be with you  
Tonight I'll be with you

Walking through time  
Dancing through space  
The pearly-gray moon is wearing your face  
And tonight I'll be with you  
Tonight I'll be with you  
Oh I hear your voice  
Oh I have no choice I follow

Swinging on a star  
Flying around  
This is so bizarre, maybe  
I better come down

Tonight I'll be with you  
Tonight I'll be with you

Let's go planet hopping  
Through the universe  
There's no stopping us  
Where to first?

Tonight I'll be with you  
Tonight I'll be with you
