

True to This

Concrete Blonde

I gave away my trampoline
My water skis
And slot machine
I'm through with this
I'm through with this

I gave away my velvet dress
My high heeled shoes
And I couldn't care less
I'm through with this
Through with this

I gave away my highschool ring
My lava lamp
And everything
I'm through with this
Through with this

I traded my records
I traded my car
For a motor home
To the wino at the corner of the bar
I'm through with this
I'm through with this

Stay away from cannon balls
Always love the animals
Be true to this
Be true to this

When you sleep
Be sure to dream
Believe in every Halloween
Be true to this
Be true to this

I believe in what you do
Not what you say
I love you and
I'm true to this
