

Follow The Leader

Condemned 84

Are you being led by a ring through the nose?
Are you being pulled by a lead?
One way forward, no way back
Is that the life to lead?

Are you being led like an animal to slaughter?
Following the idiot in front
Like a sacrifice being led to the altar
A religion you follow for fun

Do you follow the leader?
Do you follow the rest?
Is it you that can't find your own way
or are you just gonna run with the best?
Do you follow the leader?
Do you trail at the back?
Is it you that can't find your own way
or are you just gonna run with the pack?

Are you being led up the garden path
making a wreck of your life
Take no orders, think for yourself
Fuck all that trouble and strife
