

## Keep The Faith

Condemned 84

We can all see what's happening now, bands change their  
Style for fame  
They won't bother to stick to their guns, they want to  
Play the game  
So they change to make it big, get dirty and mess with  
Shit  
It's just like being trendy, following what's always hip  
But we'll stay the same we'll never give in:

We'll keep the faith, we won't ever change  
We'll keep the faith, we will never change our ways  
We'll keep the faith, we won't ever change  
We'll keep the faith, we'll stay true to our dying days

It's so hip listening to that shit, played at 90 mph  
Lets play thrash like all the bands, and join the head  
Banging shower  
Crossover they call it, punks turning to hippies, being a  
Veggie's so hip  
But you can forget all of that crap, cause we ain't gonna  
Play that shit  
Cause we'll stay the same we'll never give in:
