

Listen to what they said  
Over the graves of the dead  
In an attack a soldier dies  
Political anarchists in our isles

Their political wing  
Try to state the reason why  
But with explaining all thats not true  
It's just telling lies

Blind lies, blind lies, blind lies  
Those blind lies

They want everybody  
To join up with their sons  
Paying out patriotism  
As they can with their guns
