

If you pick a nice White virgin  
Will she be the best of the bunch  
Cause after you laid her a few times  
She'll want it ever so much  
And when you try and show her another position  
She'll think it's so obscene  
But she'll soon find out how good it is  
And she'll still feel pure and clean

And she'll end up driving you mad  
She'll probably end up with your dad  
She's a teenage slag

After she's had a good time she'll probably pass you by  
And then all your mates and everybody in the street will have a  
try  
Passing around all the pubs getting as many as she can  
And when she's been 'round them all once she'll go back 'round  
again
