

Comfort Far Away

Conditions

Nowhere to go
As the day comes to a close
Here's where I fear
I am losing all control

I stay in this town
Where I've wasted countless days
As I close my eyes
I feel comfort far away

When I sleep, when I dream
Does somebody
Take control of me

When I sleep, when I dream
Does someone else
Take control of my body

I wake the next day
And see I haven't moved
All that I saw
Just a fabricated truth

It's not hard to feel
Like a hollow human shell
And she's next to me
Have I wasted her as well

When I sleep, when I dream
Does somebody
Take control of me

When I sleep, when I dream
Does someone else
Take control of my body

When I sleep, when I dream
If someone else
Takes control of me

Show me I'm
Capable of great things
Tell me I
Haven't wasted my body

Help me out
Allow me to truly exist
Guide me out
'Cause I know I'm better than this

When I sleep, when I dream
Does somebody
Take control of me

When I sleep, when I dream
Does someone else
Take control of my body

When I sleep, when I dream
If someone else
Takes control of me

Show me I'm
Capable of great things
Tell me I
Haven't wasted my body

Help me out
Allow me to truly exist
Guide me out
'Cause I know I'm better than this
