

Devil's Deck

Coney Hatch

Harlot Christine
Just a kid of sixteen
She wants to try her luck
Gonna make a fast buck

She's gonna take a chance
She only knows one dance
Going far away
On her back she'll lay

(Devil) there's a devil in her deck
Devil in her deck

Deal her in
Like she's next of kin
You know the deuce is wild
For this poker-fed child

She's got the seven year itch
She's a genuine bitch
Like a one-eyed jack
Stick a knife in your back

(Devil) there's a devil in her deck
Devil in her deck

Take all you've got
Hell's so hot
She'll drag you down
In her demon's gown

Something's up her sleeve
This earth you'll leave
Like a one-eyed jack
Stick a knife in your back

(Devil) and there's a devil in her deck
Devil in her deck
(Devil) ooh, there's a devil in her deck
(Devil) there's a devil in her deck
